

**Surname Index to
Volumes 1-20
*The Colorado Genealogist***

Surname Index for Volumes 1-20

Introduction

This index was scanned and OCR technology used on the original indexes published by the Colorado Genealogical Society. Every attempt has been made to obtain an accurate “reading” of the information. There may still be errors in the transfer. All of the original indexes used the spellings that appeared in the original quarterly publications, some of which may have contained spelling or typographical errors. A prudent searcher will try various spellings of the surnames being searched.

The index for volumes 1-20 put one surname at the beginning of the listing of alphabetical first names. In transferring this index to searchable pdf, some additional surnames were added for names covering more than 1 column or page.

****Please see the Finding Aid on the next page for a listing of page numbers that go with each issue.**

Searching Hints

- This is a searchable pdf document and uses the same searching tools you would find in your pdf reader, such as *Adobe Acrobat Reader*.
- Begin by typing in a surname only.
You may have to search on a page for the given name, like you would in a printed index. Where there was more than a column of a surname, some additional surnames were added in.
- If there are too many “hits” from surname only, then type **surname, first name**.
That is how it will appear in the index if there are too many of a single surname.
- If the surname has a prefix such as “de,” “le” or “van” try entering both with and without spaces between names. There are entries in either style.
- See the *Finding Aid : Page Numbers for Each Issue Number* to find which issue number has the page number you want.
