Surname Index for Volumes 51-60

Introduction

This index was scanned from the annual surname indexes published each year in *The Colorado Genealogist* using a ScanSnap scanner which had OCR technology overlaid on the original images of the scanned pages. Every attempt has been made to obtain an accurate “reading” of the information. There may still be errors in the transfer.

Since each year had its own index and there were different editors, some of the indexes have a surname for every name and some have only one surname and then list all first names under it. Be aware of this when searching.

All of the original indexes used the spellings that appeared in the original quarterly publications, some of which may have contained spelling or typographical errors. A prudent searcher will try various spellings of the surnames being searched.

**Please see the Finding Aid on the next page for a listing of page numbers that go with each issue.

Searching Hints

- This is a searchable pdf document and uses the same searching tools you would find in your pdf reader, such as *Adobe Acrobat Reader*.
- Begin by typing in a surname only.
You may have to search on a page for the given name, like you would in a printed index.
- See the *Finding Aid : Page Numbers for Each Issue Number* to find which issue number has the page number you want.
